UTILITY DIVISION
DOCKET NO. 80.12.110
DEFAULT ORDER NO. 4746

On December 29, 1980 the City of Belt (Applicant) filed an application with the Montana Public Service Commission for an order authorizing the Applicant to increase its sewer rates to provide revenues to defray increased costs of operation and to maintain and repair existing systems.

Having considered the application and the documentation furnished by Applicant in support of its application and deeming itself fully advised in the premises, the Commission makes the following Findings of Fact and Conclusions of Law:

FINDINGS OF FACT

1. A Notice of Opportunity for Public Hearing to be held, if requested, was published in the January 10, 1981 edition of the Great Falls Tribune and the January 15, 1981 edition of the Belt Valley Times. The notice stated that if no requests for a public hearing were received by February 6, 1981, an appropriate order may be issued based upon evidence submitted with the application.

2. No protests or requests for public hearing were received and no hearing was scheduled.

3. On August 27, 1980 the entire City Council of the City of Belt passed Resolution No. 519 setting sewer rates at the proposed level.

4. The City alleges it needs additional revenue to provide for increased costs of operation and to repair the existing system.

5. The City anticipates that the proposed rates will increase annual revenues by approximately \$7,900.

CONCLUSIONS OF LAW

1. The Commission has jurisdiction over parties and proceedings in this matter.

2. The resulting rate levels are reasonable and just.

ORDER

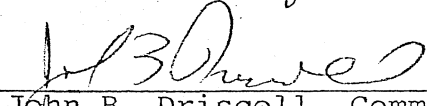

1. The rates as set forth in Appendix "A" attached and by this reference incorporated herein are authorized.

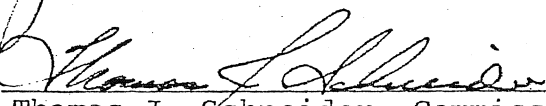

2. The rates shall be effective for all sewer services rendered on and after February 17, 1981.
